Bringing Local Environmental Education to the Village Hall

The Failand Village Hall has teamed up with Tesco Stronger Starts to raise money for a series of educational boards located around the grounds to increase awareness of the local habitat and interacting safely with the environment.

Tesco will donate up to £1,500 based on the number of votes our bid receives in their Nailsea and Portishead stores.

Voting will run from 1st April - 30th June, so get voting :)
